SAINT FRANCES XAVIER CABRINI PATRONESS OF IMMIGRANTS

Frances Cabrini's life was centered on the heart of Jesus. In and through her personal relationship with Jesus, she felt sent as a missionary to the world. With complete dedication to Christ and to the people, Cabrini's desire to spread the love of God and neighbor evoked a zealous and passionate missionary style, which was courageous yet strategic in its risk-taking, confident in facing difficulties, swift in its pace, and intense in its focus.

At the time of her death in 1917, Frances Cabrini and her sisters had founded 67 institutions in nine countries, on three continents.

Frances Cabrini was the first American citizen saint, canonized in 1946. In 1950, she was declared the Patroness of Immigrants by Pope Pius XII.

Today, in centers throughout the world, MSC missionary endeavors strive to keep pace with the rigorous demands of change in responding to the cry of the poor and those trapped in new categories of poverty, while maintaining a continuity of spirit that is personal and life-giving in its approach.

I want to embrace it entirely and to reach all its parts."**

MSC LIFE AND IDENTITY

Ministry

The Heart of Jesus asks us in every way to communicate the love, compassion and mercy of God. Our response to this invitation is expansive, diverse and creative, while at the same time, being personal and specific, as we seek to reach out to "one heart at a time."

Spirituality

Our relationship with God influences the choices we make. We are drawn by the Sacred Heart of Jesus to a way of life that reflects mercy, compassion, reconciliation and a love that is willing to sacrifice.

Community

Our communities are as diverse as the women who comprise them. Jesus and His mission are the unifying forces that draw us together in prayer, companionship, ministry and the ongoing transformation of lives.

OUR MINISTRIES

"As I see it, the mission is this: loving other human beings - wherever they are in the world, and letting them know that there is a God who loves them unconditionally, now, as they are."

- Saint Frances Xavier Cabrini

Bearers of Christ's love in the world

Our actions flow from values found in the life and teaching of Jesus. We strive to respond to others with compassion and to serve with excellence. This sense of mission embraces the personal conviction that our service - in education, healthcare, eldercare, social work, spiritual ministries, outreach to women, children, frail elders and immigrants - is the continuance of Jesus' own mission of bringing God's love to the world.
